LIGHTING 2018

CHORD COLLECTION

CHORD CHANDELIER

The CHORD collection draws inspiration from minimalist jewelry, and its metal finishes and details exude the same refinery and elegance. Light emanates into a void, its source hidden in the simple form of a delineated semi-circle; the atmospheric effect of the light emphasized through this geometry. The collection consists of the single chandelier, titled Chord, multiple chandeliers connected linearly, titled Chord Convoy, and a grouping of three chandeliers, titled Chord Cluster. Each Chord module is available in four finishes: gun metal, brass, bronze and white, and are available in three sizes: 36", 40" and 48". The chandeliers use flexible LED strip modules, are made in the USA and are UL listed.

RETAIL: \$ 5,800.00 USD

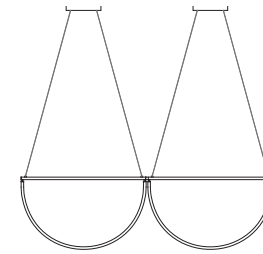

CHORD CONVOY

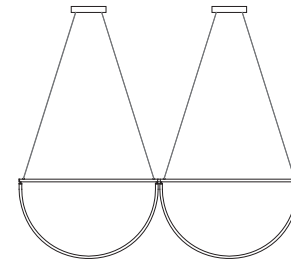

Chord Convoy is an iterative linear arrangement of the singular Chord pendant. Like a group of comrades, Convoy can exist as a pair or be extended to form an endless line of pendants in varying sizes or finishes. The resulting scalloped fixture is an elegant solution for a linear light.

CHORD CLUSTER

The Chord Cluster, the latest member of the Chord Family, is a modern reinterpretation of a prevailing form. The elegant semi-circular shapes are reminiscent of the swagging curves of a traditional crystal chandelier. Like its counterparts, Chord and Chord Convoy, the soft glow of light is emphasized by this geometry.

2x4 COLLECTION

2X4 PENDANT

The 2x4 Pendant is made from the most common piece of dimensional lumber, the simple 2x4. The 2x4 celebrates the minimal and the ordinary. It is simple and true to its form, and with some luxurious touches, the 2x4 is transformed into a beautiful pendant worthy of any space. Custom finishes and sizes available upon request. Made in the USA.
